Dear Holly and SIRVA Relocation,

We would like to take the time to thank you and Seaclyff Realty for the excellent service we have received during a challenging and stressful period of our lives.

We feel that we have received tremendous support from SERVA and especially Holly. Holly answered all of our questions, was prompt in returning phone calls and was a perfect liaison with Sukie Fee and Seaclyff Realty. We feel that we received the best possible service from SERVA Relocation and intend to forward this letter to Boeing's Relocation Department.

We also want to take the time to express our satisfaction with Seaclyff Realty and Sukie Fee. Seaclyff Realty has a reputation in our area of Huntington Beach of bringing top dollar sales in record time, and this has certainly been our experience. Because Sukie is so successful at what she does: (acting as the figurehead for her business and spokesperson for her clients, head negotiator to make deals that satisfy both buyers and sellers, diplomat, etc.) she has a very large business. She employs excellent support staff to ensure that her clients receive the best possible service.

We want in particular to thank Ruby Portillo, Sue Hebert, and Bari Baker who were instrumental in making sure both parties knew when to have inspections, termite work, due dates and financial transactions and generally being there when questions needed answers. Sue Hebert, Sukie Fee's business partner always was there for us when Sukie couldn't be – at all times we felt that Seaclyff Realty was in control and providing a level of service that exceeded our expectations. They, also, were prompt in returning phone calls. We would recommend Seaclyff Realty to anyone and especially for relocations as they have a large support staff and act as "a coordinated team" in getting homes sold.

Sincerely,
Kevin O'Keefe
