Dear Sukie:

My husband and I wanted to thank you and your staff for the great job everyone did in selling our house for a record price in *The Master Series of Seacliff on the Greens*. The level of professionalism and follow-up throughout the entire process — from the listing, to the offer and repairs, was effortless. Whenever I had a question, I always got the answer with just one call. I especially want to thank Beri Baker, Bonnie Cox and Thera Waldie for their efforts in our sale, and thanks to you for pushing for the highest selling price ever for my plan in *The Master Series*.

I would definitely recommend Seacliff Reality to my neighbors and friends.

Best regards,
